MAKING WAVES IN NURSING

ADVANCING NURSING, COMMITTING TO CARING

At the Christine E. Lynn College of Nursing at Florida Atlantic University, faculty and staff are guided by a philosophy of Caring in their teaching, research, practice and service. They are focused on transforming the healthcare environment locally, nationally and globally to reflect this emphasis on Caring. FAU's College of Nursing –

- Enrolls 1,600 students in four degree programs, B.S., M.S., D.N.P. and Ph.D.
- Embraces a diverse student body with approximately 50 percent of its students coming from underrepresented groups in nursing

- Continually expands its research profile, with emphases on healthy aging, holistic health, transforming practice environments and health equity
- Operates two nurse-managed interdisciplinary centers, including The Louis and Anne Green Memory and Wellness Center on the FAU Boca Raton campus and the FAU Community Health Center in Westgate
- Leads or participates in a variety of service projects, both locally and internationally.
